MESSAGE

Dr. P.K.SUDHIR,
Vice Chancellor

I take immense pride and consider it a privilege to present the Annual Report of Vinayaka Mission's Research Foundation Deemed to be University. Our university is deeply committed to the fundamental mission of education. Since its establishment, VMRF(DU) has consistently contributed to three essential areas: Education, Research, and Extension Education. We possess the necessary infrastructure to deliver top-notch agricultural education, conduct cutting-edge research, and effectively transfer technologies. Research has always held a pivotal role at VMRF(DU).

In the National Institutional Ranking Framework Report for 2023-2024, released by the Ministry of Human Resource Development, Government of India, educational institutions and universities were evaluated based on various parameters. VMRF(DU) secured a position in the 101-150 band category under the University classification. This is a source of great privilege for me to declare.

VMRF-DU has experienced substantial growth in recent years, and this achievement is a testament to the dedicated involvement of our university officials, faculty, support staff, research scholars, and students from AAU. All of this was made possible under the able leadership of our Chancellor and ProChancellor. I extend my heartfelt congratulations to the entire VMRF-DU community for their relentless efforts in elevating our University to this level.

This Annual Report showcases the various ways in which VMRF-DU continues to make a positive impact on people's lives through education, even in these uncertain times.

V. UNIVERSITY AT A GLANCE

Vinayaka Missions had its inception in the year 1981 with the establishment of the ThirumurugaKirupananda Variyar Thavathiru Sundara Swamigal (TKVTSS) Medical Educational and Charitable Trust. Not far from then, in 1982, the Founder-Chairman, Dr. A Shanmugasundaram instituted the Vinayaka Mission's College of Pharmacy in Salem, the pioneer institution of Vinayaka Missions. In the year 2001 the "Deemed to be University" status was conferred on Vinayaka Missions by The Ministry of Human Resources Development, Government of India, with the recommendations of the UGC Under Section 3 of the UGC Act, 1956 as an acknowledgement of its excellence, satisfaction of the highest level of academic standards and best infrastructural facilities provided to achieve preeminence in education and by virtue of this recognition Vinayaka Missions transcended to becoming Vinayaka Missions Research Foundation (VMRF) as the 48th University in India.

The conducive environment provided by the University helps every student to achieve excellence in their chosen field of specialization. Nearly 15,000 students are studying in the various constituent colleges, and every year approximately 2000 medical, dental, homoeopathy, paramedical, engineering and management professionals besides arts & science graduates graduate from the VMRF campuses successfully. The dynamic environment created by the Trust helps every student to develop his/ her rational, critical and creative powers, thereby enabling the fullest possible intellectual and personal growth.

Close to 5000 staff members including renowned Faculty, technical and other experts serve our student community to achieve excellence in education and to make studying at VMRF institutions an extremely pleasurable and rewarding experience. The success of VMRF lies in its highly qualified and experienced faculty who are competent and dedicated to provide excellent education. VMRF takes pride in being the only one of its kind in India that has established three medical colleges, one dental college, and two engineering colleges apart from other nursing and homoeopathy colleges
